Good Evening Chief,

The plan that was sent to you just now is one that both C/Supt. Pardy and Supt. Leu worked on to include the additional and necessary parts to ensure it met everyone's needs.

Both Carson and Phil were aware of the reason for the delay, as they had been in regular contact with Rob yesterday and into today. The plan now has the proper signatories on it and will be the one referenced moving forward.

I thank everyone for their patience and effort in getting such a sound plan together- it has been a herculean lift and we have now landed in a place everyone is comfortable working in.

I suspect, knowing these two professionals, they will have shared with their respective chains and hopefully any confusion or gaps are now sorted.

Best,

Trish

Trish

Thank you for the clarification.

I was not aware of this delay as I had approved the plan last Wednesday.

I appreciate and support the need for A/Supt Bernier to make adjustments to the plan that he inherited.

That said, please ensure that the plan is fully signed off at the earliest possible opportunity as this is a priority need expressed by our integrated partners.

As such please communicate via email to the OPP and RCMP the reason for the delay in the approval of the current plan along with the timeline that they will receive the approved plan (copy Christiane and I on these emails).

Thank you.

Good Evening Chief,

In checking with Rob Bernier, he finally had a chance to review the plan from the Integrated Planning team and has sent it back with his comments.

He would prefer that it be completed and signed off and will then share the plan, as he is the final approver of it.

As for version 3.0,

Trish

Please send me the latest version of the Operations Plan that I approved on Wednesday Feb 9. 2022.

Also please advise if the plan has received all official approvals/signatures/etc as there seems to be some concerns about this from the RCMP.

Thank you.
